

Senior Medical Laboratory Scientist Opportunities in Tauranga, New Zealand!

Ever dreamed of moving to New Zealand to experience work-life balance with a fantastic lifestyle, exploring the natural scenery on offer, ranging from spectacular rainforests, mountains, and a variety of coastlines with beautiful beaches. Well, now you can!

Whether you enjoy surfing the Pacific, relaxing on the beach, or a bit of retail therapy – come live in the paradise that is the stunning Bay of Plenty, the gateway to the adventure region of the North Island.

About the company | Mō Tātou

Pathlab is a New Zealand owned and operated, IANZ accredited medical laboratory. We provide cutting edge services to the Bay of Plenty, Waikato, and Lakes regions. Our time proven and reputable systems and processes enable health care for thousands of patients a day.

Our values reflect our commitment to service excellence, treating each other with respect and honesty, staying enthusiastic about continuous improvement, respecting our New Zealand heritage, and acknowledging the Treaty of Waitangi.

We are interested in meeting with Internationally Based Senior Medical Laboratory Scientists or Registered Scientists who are interested in relocating to Tauranga, New Zealand.

About the role | Ngā kōrero mō te tūranga

This is an exciting opportunity for Senior Medical Laboratory Scientists or Registered Scientists looking to take the next step in their career. Our Microbiology/Molecular department is comprised of 35+ Clinical Microbiologists, Scientists, and Technicians. We operate a variety of automated microbiology and molecular platforms, providing services that cover conventional microbiology through to molecular microbiology and oncology. Our centralised laboratory in Tauranga also supports three hospital STAT Microbiology laboratories.

About you | He kōrero mōu

You will demonstrate knowledge, expertise, and skill in the delivery of scientific judgement within the various disciplines of the Microbiology or Molecular departments. Your ability to show initiative and work well with others will see you transition seamlessly into our team.

Our ideal candidates will be able to clearly demonstrate:

- Suitable qualification with a minimum of 5 years' practical experience in a Medical Microbiology and/or Molecular laboratory.
- In depth technical knowledge.
- Technical leadership and training to laboratory staff.
- Enthusiasm for continuous improvement.
- A good understanding of laboratory accreditation processes desirable, (e.g., IANZ).
- Registration with Medical Science Council of New Zealand and hold a current annual practicing certificate **or** must be eligible for registration with the Medical Sciences Council.

What we offer | Ngā āhuatanga kei a mate

- Immigration support and selected relocation provision are available to successful overseas candidates.
- Competitive salary commensurate with experience and qualifications.
- A supportive and enjoyable work environment.
- Our staff enjoy discounted membership with healthcare providers and support for continuous development.

How to Apply | Me pēhea te tuku tono

To apply for this role please email your cover letter and your CV highlighting how you can meet the skills and experiences detailed above to careers@pathlab.co.nz .

The Pathlab group are an equal opportunities employer. All submissions are strictly confidential, and we welcome applications from all qualified persons.
